Mr. John Bartos
Virginia Tech
810 13th Street
Radford, VA 24141

Dear Mr. Bartos:

This correspondence is in regards to your Freedom of Information Act (FOIA) in which you seek the following:

"I hereby request an electronic copy of the following document from the Department of the Navy's Naval Facilities Engineering Command Southwest BRAC PMO West program for the former Alameda Point Naval Air Station: 1999 Draft Clean II-Operable Unit-2 Remedial Investigation Report, Alameda Point, Alameda, California, June."

Your request was received by this office on August 3, 2020 and assigned file number DON-NAVY-2020-010796.

By letter dated August 28, 2020, we indicated the responsive record was being reviewed for information that may be exempt from release under the FOIA. Our office has evaluated the record and determined it to be releasable. This letter releases the files to you in full and closes this FOIA request.

As stated in our August 28, 2020 letter, we have classified you as an educational institution for the purposes of assessing fees. Fees associated with the processing of your request are waived in this instance.

Please direct any questions concerning this matter to Mr. Anthony Megliola at anthony.megliola@navy.mil or 619-524-4496. You may also contact the DON FOIA Public Liaison, Christopher Julka, at christopher.a.julka@navy.mil, (703) 697-0031. In addition, the Office of Government Information Services (OGIS) provides a voluntary mediation process for resolving disputes between persons making FOIA requests and the Department of the Navy (DON). For more information, go to <https://www.archives.gov/contact>.

Sincerely,

ANTHONY MEGLIOLA
Base Closure Manager
By direction of the Director
